

KONGSBERG

To Whom It May Concern:

I recommend Susan Flander as a candidate for employment. Susan has worked for Kongsberg since July 2014 as our lead technical writer. During her time with Kongsberg she has always shown a high level of professionalism and dedication to and has always produced her deliverables with high quality and always on time for the technical documentation such as the Release Notes. We appreciated her attending many software demos and asking right questions to understand the message that would be conveyed. Susan also provided help with the web documentation and assisted with updating training material.

Susan has been a delight to work with and has shown a great willingness to learn and help out wherever she could. Susan would be a great asset for your company and has my recommendation. If you have further questions in regards to her qualifications, please do not hesitate to call me.

Yours Truly

John W
